Welcome to Arlie's, an innovative bar inspired by the work of Belize's own Arlie Petters, a celebrated scientist and champion for the future. Just as he transforms lives through his foundation—providing scholarships for talented young Belizeans—we aim to transform the guest experience through the art and science of Molecular Mixology. Each cocktail reflects creativity, precision, and a touch of wonder, honouring the spirit of innovation Arlie represents. It's more than a bar — it's a journey of curiosity and discovery.
